

Railroads

Michigan's rail lines connect with the major Canadian rail terminals, as well as Chicago, Toledo, and all of North America.

- 3,900 miles (6,200 km) of mainline track
- Linked to Canada's rail system via a rail bridge at Sault Ste. Marie and rail tunnels in Detroit and Port Huron providing high cube and double stack access
- 25 private rail freight companies; 4 are Class I carriers
- Passenger rail service provided by Amtrak
- Excellent intermodal facilities and service
