

Regions

Each of the state's regions has a coastline; two have bridges or tunnels to Canada. Rail, air, water and highway links serve each region, connecting them to the rest of the world.

Each region has its unique beauty, with thousands of miles of rivers, inland lakes, forests, and a temperate climate that provides four colorful, delightful seasons.

Region 1

15 counties, Population: 317,616

Region 2

25 counties, Population: 591,176

Region 3

13 counties, Population: 1,286,622

Region 4

23 counties, Population: 2,909,537

Region 5

7 counties, Population: 4,833,493

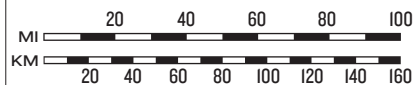

State Totals

83 counties, Population: 9,938,444

2000 U.S. Census
